CANADIAN RENEWABLE ENERGY ASSOCIATION SPONSORSHIP PROSPECTUS

Canadian Renewable
Energy Association

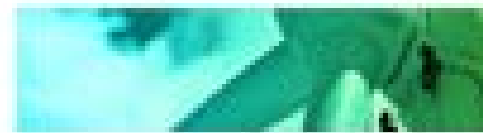

Association canadienne
de l'énergie renouvelable

The Canadian Renewable Energy Association is pleased to provide valuable opportunities to enhance your company's profile and brand, and connect you with industry leaders and customers within the Canadian renewable energy and energy storage sector. By sponsoring one or more of our events:

- Your company is aligning your brand with a proven industry leader which allows you to create and maximize your organization's visibility among Canadian renewable and energy storage communities.
- Your support helps promote key activities such as business development, networking, advocacy, and events to enhance Canada's renewable energy and energy storage sectors.

About the Canadian Renewable Energy Association

We are the voice for wind energy, solar energy and energy storage solutions that will power Canada's energy future. Our association works to create the conditions for a modern energy system through stakeholder advocacy and public engagement. Our diverse members are uniquely positioned to deliver clean, low-cost, reliable, flexible and scalable solutions for Canada's energy needs.

CanREA Vision and Mission

Vision

Our vision is to ensure wind energy, solar energy and energy storage play a central role in transforming Canada's energy mix.

Mission

To advocate on behalf of the wind energy, solar energy and energy storage industries to benefit Canada's economy and energy future.

To increase stakeholder understanding that renewable electricity and energy storage are clean, low-cost, reliable, flexible and scalable solutions for Canada's energy needs.

To provide a forum devoted to dialogue, collaboration, stewardship and growth of the industry.

History

The Canadian Renewable Energy Association was established on July 1, 2020 when the Canadian Wind Energy Association and the Canadian Solar Industries Association united to create one voice for wind energy, solar energy and energy storage solutions.
